Notes

1 Classic Body Style Dodge Rams have beds that are wider at the front (65.5") than at the tailgate (62.5"). If your bed doesn't taper you have the New Body Style.

2 Installation on the Ford Maverick may require removal of the plastic bed rail caps.

3 The C474C Crossmember can be used on 2018-2026 Nissan Titans, but the C49C is a better fit.
